

AMENDMENTS TO THE CLAIMS:

The following listing of claims replaces all prior versions, and listings, of claims in the application. If any claims are designated "cancelled," please cancel such claims without prejudice.

Listing of Claims:

1 45. (currently amended) A method for directly killing
2 microorganisms and ~~or~~ inhibiting the growth of microorganisms responsible for fungal
3 infection and non-pathological body malodor comprising the steps of preparing a
4 therapeutically effective amount of an anticholinergic quaternary amine compound and
5 administering said anticholinergic quaternary amine compound to an area of a human
6 body so as to directly kill and inhibit ~~counteract the effects of~~ said microorganisms
7 resident on or within said area.

1 46. (original) The method according to claim 45, further comprising
2 administration of the anticholinergic quaternary amine (ACQA) compound as a
3 formulation in conjunction with an excipient, base or support material, wherein the
4 concentration of the anticholinergic quaternary amine compound in the formulation is in
5 an amount of from about 0.0001% to about 20% w/w.

1 47. (original) The method according to claim 46, wherein the
2 concentration of the anticholinergic quaternary amine compound in the formulation is in
3 an amount of from about 0.001% to about 10% w/w.

1 48. (original) The method according to claim 47, wherein the
2 concentration of the anticholinergic quaternary amine compound in the formulation is in
3 an amount of from about 0.05% to about 5% w/w.

1 49. (original) The method according to claim 46, wherein the
2 anticholinergic quaternary amine compound comprises glycopyrrolate.
